

Policy #:	Title:	Effective Date:
STU-001	Student Computer Technology Standards	06/01/2008

Policy Description—Minimum and recommended technology standards for students will be placed on the ITS website each academic year. These standards will include basic computing hardware minimums that will ensure student personal technology works well with technology resources provided by the University. For the 2010-2011 academic year the following minimums are in place.

Configurations for Windows-Based Personal Computers:

Minimum	Recommended
Pentium 4, Pentium M or AMD equivalent	2.2 GHz Dual Core
1 GB RAM	4 GB RAM
Wired Ethernet adapter	Wired Ethernet adapter
Windows XP SP2	Windows 7
	Wireless 802.11b/g compatible (optional)
	Ethernet Cable (7' length)

Configurations for Macintosh Personal Computers:

Minimum	Recommended
G4 Processor	2.26 GHz Core 2 Duo
1 GB RAM	4 GB RAM
Wired Ethernet adapter	Wired Ethernet adapter
Mac OS System 10.4 or higher	Mac OS System 10.6
	Wireless 802.11b/g compatible (optional)
	Ethernet Cable (7' length)

Student technology resources not meeting minimum specifications will not be supported by Information Technology Services (ITS). Students electing to bring equipment that does not meet the minimums to campus may do so, however support for this technology will not be provided by ITS.

Please note: All televisions brought to campus must be cable-ready.

Definitions—

Rationale for Policy—This policy will help ensure student technology works well with UF's network and server technology.

Responsible Department/Person—Technology Support Services
