Student Questions Comments and Concerns

Kelsey: It seems the Black Tie Affair budget was cut drastically.

Closing Remarks

Marissa: I want to encourage everyone to listen closely. Does our event summary for include a question about what was left over? I think it should.

Lindsay: Thanks Heidi for the info.

Bev: I don't understand why we gave them the Connect. I think they should advertise more to everyone.

Derek: I don't think they should have to be a member to rent things from them.

Coran: I'm confused about why we are cutting everyone's budgets even when they are small and already made cuts themselves.

Heidi: I will send out all my calculated stats.

Dave: It is difficult to stay consistent. I did upload the Constitution with the new wording.

Todd: Be careful about cutting the signature events.

Brenda: We spent \$14,874.

Christina: We come early so we are prepared, so know what you will say. Don't concentrate on line items, concentrate on the whole value of the event. Please send me Campus Speakout feedback.

Chris: Thanks, Kaleb, for teaching Robert's rules of order. Go Giants!

Alex: I want to talk about the President's meeting so stay after please.

Meeting adjourned at 7:26 PM
